Subject: RE: flash news - Environment Min Galletti is going to PRC from the G7 right after the EMM - Vatican contact

Hi Mark,

The MoE hasn't been very clear, but it seems Galletti may go to Bologna a week before the EMM., we're looking into having the food event w/the minister in Bologna either immediately before, or immediately after. Bologna has a food center.

More later! Ex. 6 - Personal Privacy

Hi Ex. 6 - Personal Privacy

Given Minister Galletti's schedule, the Administrator has decided that he prefers to go to Rome ahead of Bologna. We will do up a new notional schedule based on this change in dates.

Mark

Dear EPA friends,

Minister Galletti will probably go to China after the EMM in Bologna. If the Administrator is willing to come to Rome before Bologna, he can meet with the Minister.

Our USUN Mission (deals with FAO) is tiny, and two of the four American State officers are transferring out this summer. You can work with us on the food waste angle.

Ex. 6 - Personal Privacy will be your main contact in the Vatican.

Have a great weekend! Ex. 6 - Personal Privacy

Great talking to you in Washington! Here is a schedule with the edits that Fede made.

[Ex 6 - Personal Privacy], Cardinal Turkson may not be the right cardinal for Administrator Pruitt to meet with. Is there a difference cardinal that would be more in the lane of food waste/loss and environmental innovations?

[Ex 6 - Personal Privacy] Administrator Pruitt knows of some companies working in Italy on environmental innovations, but you may know of others. He is also interested in trash free water, and American companies like P & G that are making Head and Shoulder bottles out of plastic collected along the beach.

Additionally, he owned a baseball team and there is a minor league team in Italy. The "green sports" refers to recycling at sporting events. We're interested in finding more about this team, but other sports teams with this type of practice may be interesting as well.

We may not have ambassadors by that time, so he would meet with the highest officers, which could be Rome and Vatican CDAs.

We are looking at the best time for Mark and the Administrator's advance person, Millan Hepp. We're looking forward to this visit, especially since it will be the Administrator's first foreign trip.

Best, [Ex 6 - Personal Privacy]

Hello Team Italy!

We can now inform you that EPA Administrator Scott Pruitt will attend the G-7 Environment Ministers Meeting in Bologna, Italy, June 11-12th. He would very much like to make a mission to the Holy See and Rome in the June 13-15 timeframe, flying home on June 16. We have attached a very notional schedule for your consideration and for us to start from during our phone call. We completely understand that times/places/events can change/evolve and that we will work with our Embassy to the Holy See to arrange that part of the schedule.

Administrator Pruitt is very interested in confirming the timing as soon as possible. We have been instructed to confirm the timing with the Embassy and the Italian Ministry by early next week at the latest. We will be asking your help in either contacting Francesco La Camera directly or arranging a call between Francesco and our Acting Assistant Administrator Jane Nishida as soon as possible to discuss this timeframe. Jane and Francesco have interacted several times including at the G-7 in Japan last year.

Themes for the mission will include food waste/loss, environmental innovation, and green sports. I will be happy to discuss each during our teleconference later today. Also, we would want to identify a time perhaps a month ahead of time, that I would come out to do the substantive advance with you and our partners on the ground in Italy.

We look forward to working closely with you to make this first international mission for the new EPA Administrator a success for our Agency and the Embassy. I look forward to speaking with all of you later in the day and to seeing you in Rome.

Best regards, Mark

Hi Anna! [Ex. 6 - Personal Privacy] will look at our schedules Friday to propose a time. On Monday we're tied up with DOE/NNSA visitors, so tomorrow is better. (Hi Mark! Always great to see your name.) Cheers, [Ex. 6 - Personal Privacy]

Subject: Telephone Call with EPA

Hi, [Ex. 6 - Personal Privacy] - I just tried calling [Ex. 6 - Personal Privacy] phone number and hoped to leave a message but for some reason the answering system didn't pick up.

Would you two be available to schedule a check-in phone call with EPA on either Friday or Monday? We'd like to get your feedback on a few things.

Please let me know your (un)availability and I can send around conference lines.

Best,
Anna
